

## **Human lefts and rights**

A skewed statistic  
Stolen, forgotten  
His name unreported  
By the free press  
His identity censured  
With corrupt politik  
And they did take him  
Under duress

He is a victim  
Of war on terror  
Tried under torture  
By a catchphrase  
A dirty war fought  
For a crude slogan  
A soundbite to strengthen  
Democracy's case

He is deleted  
Aided by witch-hunt  
His crime not clean-cut  
People are purged  
He disappears yet  
Behind the jargon  
He is still there just  
Hidden by words
